

ATTACHMATE® SOFTWARE LICENSE AGREEMENT

VERASTREAM® BRIDGE INTEGRATOR v3.0

IMPORTANT - READ CAREFULLY:

This constitutes a legal agreement ("Agreement") between you (either an individual representing yourself, or a legal entity that will use the software and you represent as its employee or authorized agent) and Attachmate Corporation ("Licensor") with respect to the software, inclusive of its accompanying documentation, that you are receiving or installing ("Software"). Unless you have entered into a separate license agreement with Licensor, you accept and agree to be bound by this Agreement by (i) selecting the "accept" or "yes" option when an on-line process prompts you to accept this Agreement, or (ii) by installing, copying, downloading, accessing or otherwise using the Software. If you do not agree to the terms of this Agreement, Licensor is unwilling to license the Software to you. In such event: (i) you may not install, use or copy the Software, and you should promptly destroy any whole or partial copies of the Software in your possession; and (ii) you may receive a full refund by contacting your Software vendor within 30 days from your date of purchase to obtain instructions for return.

The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The Software is licensed, not sold. Unless you have acquired the Software from Licensor or Licensor's agent on an evaluation basis, any license granted by this Agreement relies on your license certificate(s) from Licensor, or your single-copy purchase documentation, identifying the software product and version, license type, unit count, and licensed person or entity. No rights are conveyed to you by your mere possession of a copy of this Agreement, the Software, or any access codes or keys enabling the Software. Any third-party product that is provided with the Software and that is associated with a separate license agreement is licensed to you under the terms of that license agreement. If the Software contains additional software programs or modules not part of a product for which you have acquired licenses, then you may not install or use such additional programs or modules, and they are specifically excluded from the license grant below.

SOFTWARE LICENSE

1. LICENSE GRANT. Subject to payment of applicable license fees, Licensor and its suppliers grant you a non-exclusive, non-transferable license to use the Software for internal business purposes in accordance with the terms of this Agreement and the applicable product use rights ("Product Use Rights") as set forth in the Product Use Rights Appendix which is hereby attached to this Agreement and incorporated by reference. This license grant includes the following license grant restrictions, usage rules and obligations which are binding on you as applicable:
 - A. COMPLIMENTARY AND TIME-LIMITED EVALUATION SOFTWARE. If the Software is provided to you as a "Complimentary" or "Comp" copy, then you may use a single copy of the Software for demonstration, test, or evaluation purposes only. If the Software is provided to you as an "Evaluation" copy, then you may install and use a reasonable number of copies of the Software for the Evaluation Period only, solely for evaluation and test purposes and not for production use. The "Evaluation Period" extends from your first use of the Software to the earlier of (i) the date when the Evaluation version automatically ceases to function, or (ii) sixty (60) days after your first use. At the end of the Evaluation Period, your license to use the Evaluation version of the Software is automatically terminated. You may not extend the time limits of the Software in any manner. If more than one evaluation product is made available to you, the Evaluation Period may be different for each.
 - B. MAINTENANCE-ENTITLEMENT UPGRADE. If you received the Software as an entitlement under a Licensor support or maintenance program with regard to software previously licensed to you ("Prior Software"), then this paragraph applies to you. You may use the Software to replace your licensed unit count of the Prior Software on a one-for-one basis, such that the total number of Software and Prior Software units does not exceed the authorized licensed unit count for the Prior Software. Upon your first such replacement of Prior Software, this Agreement shall govern any surviving units of Prior Software for as long as such units survive, except that the product use rights terms of the original Prior Software license shall override the corresponding Product Use Rights terms of this Agreement. If you are not yet ready to use the Software, you may retain a copy of it for future use.
 - C. OTHER UPGRADES OR REPLACEMENTS. If your license certificate characterizes the Software as an upgrade or migration from or competitive trade-in of other software previously licensed to you ("Subject Software"), then this paragraph applies to you. You must comply with any special instructions accompanying your license transaction for the Software, and you must destroy the Subject Software when you install or use the Software unless such accompanying instructions direct otherwise.
 - D. LIMITED USE RESTRICTIONS. If you acquired the Software subject to limited-use restrictions (e.g. limited use of certain functionality or options) established in separate documentation between you and Licensor, or if you acquired the Software as a modification to or replacement of prior software which is so restricted, then you may only use the Software in such limited manner.

2. OTHER RIGHTS AND LIMITATIONS. Except as otherwise expressly provided in this Agreement or the applicable Product Use Rights, the following rights and limitations apply:
 - A. RESERVATION OF RIGHTS. Licensor reserves all rights not expressly granted under this Agreement.
 - B. LIMITATIONS ON REVERSE ENGINEERING, DECOMPILATION, AND DISASSEMBLY. You may not reverse engineer, decompile, or disassemble the Software, or otherwise attempt to discover its source code, except and only to the extent that such activity is required to be permitted by applicable law.
 - C. COPIES. You may not copy the Software, or any portion thereof, except as allowed by the applicable Product Use Rights and except to make one copy for backup or archival purposes. You must include all copyright notices and other proprietary rights legends on each copy of the Software.
 - D. SEPARATION OF COMPONENTS. The Software is licensed as a single product, whose component parts may not be separated for installation or use on more than one computer, except in accordance with the Product Use Rights applicable to your license(s) and the Software documentation.
 - E. RENTAL AND OUTSOURCING. You may not rent, lease, sell, sublicense or lend the Software. You may not use the Software to provide commercial hosting services.
 - F. TRANSFER. You may not transfer the Software or assign your rights or obligations under this Agreement (including an assignment or any other transfer by operation of law) to any person or entity without the prior written consent of Licensor.
 - G. BENCHMARK TESTING. You shall not disclose any benchmark results relating to your use of the Software without Licensor's prior written consent.
 - H. LANGUAGE VERSIONS. If the Software as provided to you includes more than one language version of the same software product, you may use any of the language versions, provided the total number of copies does not exceed the unit count of licenses you have acquired.
 - I. NOTE ON JAVA SUPPORT. If the Software product you acquired contains programs written in Java, you acknowledge that the Software is not designed or licensed for use in on-line control equipment in hazardous environments, such as operation of nuclear facilities, aircraft navigation or control, or direct life-support machines. You warrant that you will not use the Software for such purposes.
 - J. UPDATES, UPGRADES AND MAINTENANCE
 - (i) An "Update" is supplemental code (sometimes referred to as a patch, fix, modification, enhancement, or service pack) that addresses one or more specific issues in the Software; it is considered part of the Software and is subject to the terms and conditions of this Agreement unless accompanied by its own terms. You may use an Update only if Licensor has authorized you to do so and only for your licensed copies of the Software for which the authorization was given.
 - (ii) An "Upgrade" is a successor release to the Software, generally represented by a change in the product version number (e.g., from x.x to x.y or to y.y) and intended to replace the Software. In order to obtain license to use an Upgrade, you must purchase such Upgrade for all licensed copies of the product or be entitled to the Upgrade by having a current maintenance plan with Licensor for all licensed copies of the product. You may use the Upgrade only in accordance with the software license agreement that accompanies the Upgrade.
 - (iii) Except as provided under either the Limited Warranty remedies set forth below or a Licensor product offering that you separately purchase, Licensor is under no obligation to provide Upgrades, Updates, or maintenance or support services to you. Should Licensor offer maintenance plan subscriptions and/or Upgrade licenses for the Software, Licensor is entitled to require that maintenance plan and Upgrade purchases must include all licensed units of a product. Maintenance plan subscriptions, if offered, shall be payable in advance for the period of coverage and shall be non-refundable.
3. TERMINATION. If you violate any term of this Agreement, Licensor may terminate this Agreement without waiving any other Licensor rights or remedies. If Licensor terminates this Agreement, you must destroy all copies of the Software and, on request of Licensor, certify said destruction. If you breach the terms of this Agreement such that Licensor may have no adequate remedy in money or damages, Licensor may immediately seek an injunction against such breach without waiving any other Licensor rights or remedies.
4. VERIFICATION. Licensor has the right to verify your compliance with this Agreement. You agree to:
 - A. Implement internal safeguards to prevent any unauthorized copying, distribution, installation, or use of, or access to, the Software;
 - B. Keep records sufficient to certify your compliance with this Agreement (including its Product Use Rights Appendix), and, upon request of Licensor, provide and certify metrics and/or reports based upon such records and accounting both numbers of copies (by product and version) and network architectures as they may reasonably relate to your licensing and deployment of the Software; and

- C. Allow a Licensor representative or an independent auditor ("Auditor") to inspect and audit your computers and records, during your normal business hours, for compliance with the licensing terms for Licensor's software products. Upon Licensor's and Auditor's presentation of their reasonable written commitment(s) to safeguard your confidential information, you shall fully cooperate with such audit and provide any necessary assistance and access to records and computers. If an audit reveals that you have or at any time have had unlicensed installation, use of, or access to the Software, you will promptly acquire sufficient licenses to cover any shortage. If a material license shortage of 5% or more is found, you must reimburse Licensor for the costs incurred in the audit and acquire the necessary additional licenses within 30 days without benefit of any otherwise applicable discount.
- 5. EXPORT. You are responsible for complying with all trade regulations and laws both foreign and domestic. You acknowledge that this Software may only be exported or re-exported in accordance with U.S. Government Export Administration Regulations. Without authorization from the U.S. Government, you may not export or re-export the Software (i) to any prohibited country, person, entity, or end-user as specified by U.S. export controls or (ii) for use in the design, development or production of nuclear, chemical, or biological weapons, or missile technology, or any other prohibited use. You warrant and represent that neither the Bureau of Export Administration of the U.S. Commerce Department nor any other U.S. Government entity or agency has suspended, revoked or denied, in whole or in part, your export privileges. For current information on U.S. export requirements and restrictions visit www.bis.doc.gov/.
- 6. LICENSE RIGHTS APPLICABLE TO THE U.S. GOVERNMENT. By accepting delivery of or installing or using the Software, the U.S. Government or its prime contractor or subcontractor (at any tier) hereby agrees that notwithstanding anything to the contrary, and to the maximum extent possible under federal law: (a) the acquisition of such Software is governed by FAR Part 12 or DFAR 227.7202-4, as applicable and to the extent such provisions are consistent with this Agreement; (b) such Software qualifies as "commercial computer software" under the applicable procurement regulations; (c) any modifications provided by Licensor in connection with such Software are either minor derivative modifications or are of a type generally available in the commercial marketplace; and (d) the U.S. Government will be bound by the commercial terms and conditions and restricted rights contained in this Agreement, and no other license terms shall be incorporated into this Agreement except by mutual written consent.
- 7. GOVERNING LAW AND ATTORNEYS' FEES. This Agreement is governed by the laws of the State of Washington, USA, excluding its conflict of laws rules, and specifically excluding the United Nations Convention on Contracts for the International Sale of Goods. If you acquired this Software in a country outside of the United States, that country's laws may apply. In any action or suit to enforce any right or remedy under this Agreement or to interpret any provision of this Agreement, the prevailing party will be entitled to recover its costs, including reasonable attorneys' fees.
- 8. ENTIRE AGREEMENT. This Agreement in combination with the Software's associated license certificate(s) constitutes the entire agreement between you and Licensor with respect to the Software, and replaces all other agreements or representations, whether written or oral. The terms of this Agreement cannot be modified by any terms in any printed forms used by the parties in performing the Agreement, and can only be modified by express written consent of both parties, except that the following actions by you shall have the effect of modifying the Agreement: (i) you may accept a Licensor offer document (such as a quotation) containing offer-specific licensing terms; and/or (ii) you may accept new license terms containing specific language which supersedes this Agreement upon your deployment of an Upgrade or other such specified action. Failure by Licensor to enforce any provision of this Agreement will not be deemed a waiver of future enforcement of that or any other provision. If any part of this Agreement is held to be unenforceable as written, it will be enforced to the maximum extent allowed by applicable law, and will not affect the enforceability of any other part. The original of this Agreement is in English. If it is translated into another language, the English language version shall prevail.

IN ANY CASE, THE ENTIRE LIABILITY OF LICENSOR AND ITS SUPPLIERS UNDER THIS AGREEMENT AND LIMITED WARRANTY SHALL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY YOU FOR THE SOFTWARE OR TECHNICAL SUPPORT THAT CAUSES THE DAMAGE.
